- Regular daily brewery tours
- Historical Brewseum, tour desk and gift shop

COMPANY PROFILE

A world-class venue and attraction situated in the heart of the Cairns CBD on Lake Street, the Blue Sky Brewery Bar & Restaurant opened to the public on 4th August 2008.

Its bar, restaurant and function rooms attract locals and visitors alike, with its selection of boutique beers brewed on site, comprehensive wine cellar, diverse modern cuisine, and dynamic, yet relaxed Tropical North Queensland atmosphere.

As our micro-brewery is located onsite, customers can experience beer at its freshest, coming straight to the bar taps from the tanks.

All of Blue Sky's handcrafted beers are unpasteurised and brewed naturally, giving a distinct depth of flavour and fresh taste not found in mass-produced beers made by larger commercial breweries.

Customers are able to choose from a wide variety, including seasonal specialty brews and local's favorites, with alcohol ranging from 3% to 6%.

The Blue Sky Bar also serves quality locally-distilled spirits and liqueurs and top Australian wines from its cellar, whilst the restaurant uses local produce and features some unique dishes using beer as a tasty ingredient. Menus also advise the best types of beer or wine to match with particular food.

Regular brewery tours are conducted throughout the day, giving insight into the craft brewing process. A knowledgeable guide will talk you through the main stages of brewing, with the highlight at the end of the tour: samples of a selection of beers for your tasting pleasure.

Visitors are then able to learn more about the region's history of beer brewing in the Brewseum, before browsing for souvenirs and merchandise in the well-stocked gift shop.

Blue Sky Brewery Bar & Restaurant makes a unique venue for any event you may be planning, with its function rooms holding up to 500 people.

Bar Opening Hours:
Sun – Thurs: 10am – 12 midnight
Fri & Sat: 10am – 2am
