## MEDIA RELEASE

THURSDAY 6<sup>th</sup> SEPTEMBER 2018  
**NEW CROC ON THE BLOCK**

Australia's leading wildlife experience, Wildlife Habitat Port Douglas, will be opening the World's First Predator Plank just in time for the September school holidays.

The "Predator Plank" will allow guests to test their courage as they "walk the plank" over crocodile-filled waters.

With adventure tourism growing in the Douglas Shire, The CaPTA Group has recognised this demand and designed Wildlife Habitat's Predator Plank to meet this market's needs and assist in growing tourism in the shire.

The Predator Plank development is near completion, with the attraction planning a soft opening on Wednesday 19th September, followed by an official launch on the Friday 21st September being celebrated with a weekend full of crocodile festivities.

CaPTA Director of Sales and Marketing Ben Woodward said he is looking forward to trying this exhilarating addition to the park.

"Crocodiles are an iconic "must-see" species in our region, and as we all know, their presence in the wild within our region has become quite topical in recent times," he said.

"This is stage one of a large project that will be continued into 2019, in which we're developing a nature-based, adventurous interaction that enhances our current experience."

"We know our guests will be enthralled by this unique encounter with crocodiles in complete safety."

**Wildlife Habitat is in Port Douglas and is Australia's leading wildlife experience, providing visitors with a chance to observe a huge range of flora and fauna up close.**

For more information or to arrange an interview, please contact CaPTA Group Digital & Media Manager Amanda Perry on 4041 9417 or 0437 724 529.
