## WILDLIFE

Our large range of diverse wildlife includes crocodiles, lizards, koalas, turtles, snakes and over 200 birds from 50 species.

Cairns ZOOM & Wildlife Dome has many exhibits for all ages to explore including our small bird aviary and reptile enclosures, all while tropical birds fly above your head throughout the dome.

**REPTILES** - Get up close to a diverse group of reptiles including turtles, lizards, snakes and crocodiles. Observe these creatures from the safety of the pathways or take a closer look in one of our reptile presentations.

**MARSUPIALS** - Learn more about this group of mammals that have a pouch and give birth to un-developed young. Cairns ZOOM & Wildlife Dome is home to koalas, Red-legged Pademelons, Sugar Gliders and Rufous Bettongs.

**BIRDS** - From elevated boardwalks, view over 200 birds from a variety of species including a rare white Laughing Kookaburra, Snowy. You might even meet Jo Jo, our cheeky Sulphur-Crested Cockatoo who is always up for a chat.

**AMPHIBIANS** - Visit one of the most famous amphibians in Tropical North Queensland, the White-Lipped Green Tree Frog. These frogs are well known for their habit of hiding so don't be surprised if it takes you time to find them.
