CONSERVATION AND WILDLIFE CARE

Tropical Animal Rehabilitation Centre

Formerly Wildlife Habitat Care Centre, the new non-profit Tropical Animal Rehabilitation Centre (TARC) was established in 2018 with the support of the Walter and Eileen Stiftung Foundation and The CaPTA Group's Woodward Family. The goal of this facility is to provide the best possible care to displaced, injured, sick or orphaned native Australian wildlife, whilst continuing involvement in conservation programs and research. This facility relies solely on donations for its operation.

Habitat Heroes

By joining our adoption program and becoming a Habitat Hero, your funds will assist us with park breeding programs, education and preservation of our animals and their habitats. Discover our iconic Australian animals awaiting your support at www.wildlifehabitat.com.au/adopt-an-animal.

World's FIRST Predator Plank

5 DAY RE-ENTRY*
*Conditions Apply

Must see animals!

Cuddle a Koala · Handfeed Kangaroos · Nocturnal Tour
Crocodile Presentation · Cassowary Feeding Tour

THE PARK

The award-winning Wildlife Habitat is Australia's leading environmental wildlife experience. Providing a full immersion opportunity for visitors, the park is divided into 4 distinct habitats.

Wetlands Habitat

Follow the Stork Walk to see a multitude of bird species foraging in the waterways. The viewing tower provides visitors with a unique opportunity to witness our Black-necked Stork. Within the Wetlands you will also find some of our smaller billabong inhabitants.

Rainforest Habitat

The meandering rainforest Cassowary Walk allows visitors to view local species such as the colourful Eclectus Parrots, the endangered Southern Cassowary and other rainforest species.

Savannah Habitat

On the Wallaby Walk hand-feed kangaroos, emus, wild ducks and wallabies. View lagoons where Estuarine Crocodiles lurk beneath the water or bask on sunlit banks. If you are game, walk the world first "Predator Plank" over our croc billabong.

Woodland Habitat

This habitat offers an opportunity to sit amongst the richly coloured birds of northern Australia's open woodlands. Marvel at the complexity of endangered and endemic finches, smaller birds, and Northern Bettongs.

PRESENTATIONS

Join our daily scheduled tours to learn more about our native animals. For a close encounter, you have the opportunity to purchase a souvenir photo while holding a koala, croc or snake.
